SUMMARY

B.Tech CSE (AI & ML) student at JAIN (Deemed-to-be University) with an interest in Generative AI, machine learning and software development. An AI-assisted developer and vibe coder who combines prompt engineering and modern development tools with hands-on programming to turn ideas into working prototypes. Familiar with Python, Java, C, JavaScript and TypeScript, with experience contributing to collaborative hackathon projects and building practical web and AI/ML solutions.

HACKATHONS & ACHIEVEMENTS

SMART INDIA HACKATHON 2026
Selected for the second round through a collaborative team project.

SMART INDIA HACKATHON 2025
Selected for the second round of the university internal hackathon; participated in the 24-hour internal hackathon.

VIBEATHON 2026
Certificate of Participation – Cognito Club, JAIN University; Build & Ship technical competition.

JU HACKATHON '25
Certificate of Appreciation – JU Entrepreneurship Festival Week, September 2025.

PROJECTS

SIH 2026 – TEAM PROJECT
Team Member | Second-round selection

- Collaborated with teammates on a Smart India Hackathon 2026 solution.
- Contributed to solution development, prototyping and presentation.
- Project overview: si-h-2026.vercel.app/overview

SLOPESAFE – LANDSLIDE RISK PREDICTION
Prototype & Demo Designer

- Contributed to an AI/ML-based landslide risk prediction and evacuation-support prototype.
- Worked with Python and AI/ML concepts; tested the prototype end-to-end using validated real-world data.

EDUCATION

B.Tech – Computer Science & Engineering (AI & ML)
JAIN (Deemed-to-be University), Faculty of Engineering and Technology, Bengaluru
2025–2029 | Currently pursuing Semester III

TECHNICAL SKILLS

PROGRAMMING
Python, Java, C, JavaScript, TypeScript

WEB DEVELOPMENT
HTML5, CSS3, React.js, Next.js, Tailwind CSS

BACKEND & APIs
Node.js, REST APIs

AI & EMERGING TECH
AI/ML fundamentals, Generative AI, Prompt Engineering, TensorFlow

TOOLS & PLATFORMS
Git, GitHub, VS Code, Jupyter Notebook, Google Cloud, Firebase, Vercel

DEVELOPMENT APPROACH
Vibe Coding, AI-assisted development, rapid prototyping, debugging

CERTIFICATIONS & ACTIVITIES

Google Cloud Skills Boost – badges and learning achievements (Credly profile); Cyber Jagrit Bharat – Cyber Security Awareness Quiz (2025); Vigilance Awareness Week – NSS (2025); World Kindness Day – Universal Human Values (2025); Centre for Grassroots Research & Innovation – inauguration participation (2025).

STRENGTHS

Problem solving • Team collaboration • Creative thinking • Adaptability • Continuous learning

CURRENTLY EXPLORING

Generative AI Engineering • Agentic AI • Machine Learning • Backend Development
